

SPACE IS AVAILABLE soon!

One of the first multi-tenant nonprofit centers in the nation, Together Center has been fully leased for most of its 20-year history. With our largest tenant creating space elsewhere, we have a unique opportunity to add nonprofit agencies when suites become available later this year (starting in July).

Planning with agencies is going on NOW. Call to discuss your space needs. Various office sizes from 100 sf to 3,000+ sf will be available.
